

Announcing a new risk-free service from Viv:

## AUTOPILOT BILL NEGOTIATION

***You don't pay a dime unless you save!***

We are committed to helping our clients save money and spend less, and that includes on their everyday bills. You may not know it, but you're likely being overcharged for monthly services like cable, internet, wireless, satellite TV or radio, electricity, home security and more. In fact, Americans overpay \$60 billion annually!

***Viv has saved clients over \$5 million***

**Who is Viv?** Viv is committed to making life better for customers through products and services that help them save money and simplify their lives. Viv is also committed to making life better for people around the globe, and gives a portion of its profit to help people in less-developed parts of the world. AutoPilot is Viv's signature product.

**Why are people overpaying on their bills?** Most customers don't know they are being overcharged. Chances are that your monthly costs for services have increased consistently over time without you noticing, or that they include hidden fees, old charges that should have disappeared or some other "gotcha" that you may not even know about.

**Why does this work?** You know the saying: "Ask and you shall receive." Your service providers have been banking on the fact that you won't ask. AutoPilot expert negotiators know who to talk to and what to say to negotiate savings.

**Why do you need AutoPilot?** Technically, you could do what AutoPilot does, but Viv's innovative technology platform and team of experts has saving down to a science. They like to think of themselves as the smartest customer in the market. You can save money, time and hassle! With AutoPilot, you know you're not overpaying, and they do all the work for you.

### ***How to Get Started***

***Upload your bill***

***They do the haggling***

***Enjoy risk free savings***

You won't pay a dime unless you save. If AutoPilot negotiators find savings, you'll split it with them each month, or take advantage of a pay-in-full discount if you want to pay a portion of your savings upfront.

### ***Next Steps***
